Bravo Etiket has a factory site of total 2,500 m² in the heart of Istanbul's textile center Güneşli industry as well as many offices in different parts of the world.

Our Sales and Marketing office is located in Istanbul "Güneşli". From here we are coordinating our international and domestic activities. Our customers are active in different business fields as Food, Pharmaceuticals, Chemistry, Cosmetics and Textile.

Bravo Etiket is one of the leading Labelling Companies in Turkey. With our production facilities which are following the latest technological standards we are reliable partners, able to provide our customers with high quality products on time.

Since established in 2007 Bravo Etiket is interested in long lasting partnerships to understand our customer needs as best as possible. And together with high qualified and motivated employees we experience this day by day with our national and international partners. This is our understanding of business.

Products and solutions that meet the needs of a wide variety of different industries are offered with "timely delivery" service mentality.

As a company, adapted to the international economic development and modification standards, we coincide creative innovation and contribute to the sector and the served institutions together with the professional staff that meets the needs and expectations of the markets.

Bravo Etiket provides solutions. Customer demands and expectations are being achieved only by accomplishing the right and required solutions. For the label to be attractive it is vital to express it in an appealing eye-catching way and with an appropriate approach to the end user's tastes. Which means, making and creating a perfect label in the requested standard.

Bravo is the best way to do this and is responsible for the preparation of the corresponding label solutions.

With this awareness Bravo Etiket manufactures woven labels, badges, hangtags, heat transfers, silicone transfer, role serigraphy, hotmelt labels, printing labels, leather and thermal barcode labels. Digital machine facilities make all hangtags, letterhead cards, brochures and business cards available within one hour.

Our internationally recognized infrastructure, production and service quality is being improved via constantly adapting to the worlds latest technological and structural changes and via playing the leading role in this sector.
